FOR IMMEDIATE RELEASE

PROSTEP AG and Right Hemisphere Bring Advanced 3D Product Graphics Management Solutions to Europe

Trusted PLM Integration Specialist PROSTEP AG to Sell, Implement, and Provide First Line of Support for Right Hemisphere Technology

DARMSTADT, GERMANY and FREMONT, CA, USA — March 27, 2006 —

PROSTEP AG and Right Hemisphere today announced that the companies are bringing Product Graphics Management (PGM) technology to Europe.

PROSTEP—a leading Product Lifecycle Management (PLM) integration specialist—will provide full sales, implementation, and customer support for Right Hemisphere PGM software in Germany, Austria, and Switzerland.

Previously unavailable outside of North America, PGM is a new category of enterprise software that enables manufacturers to globally source, sell, and service products more effectively by delivering the right 2D and 3D product graphics, in the right format, right now to customers, partners, and employees—all from accurate, up-to-date engineering data readily available in your CAD and PDM systems. PGM bridges the massive disconnect between engineers who must develop products and the rest of the extended enterprise who must source, sell and service those products.

“New enterprise-wide collaboration technologies such as Right Hemisphere’s PGM software and Adobe Acrobat 3D facilitate communication of critical product information in 2D or 3D across entire enterprises and continents,” said PROSTEP CEO Dr. Bernd Pätzold. “Combining these technologies with our own expertise gives European manufacturers access to an extremely valuable solution in which to securely generate, exchange and visualize lightweight 3D data. PROSTEP is very pleased to bring these exciting solutions to European manufacturers.”

“To support our global automotive and aerospace customers overseas, we needed a proven PLM partner like PROSTEP,” said Michael Lynch, CEO of Right Hemisphere. “PROSTEP and Right Hemisphere have highly complimentary areas of expertise and product offerings. We both embrace open standards and most importantly, share an extremely high standard of excellence when it comes to customer service. We are very confident that Right Hemisphere’s customers will be well served by PROSTEP.”

Right Hemisphere and PROSTEP have both teamed with Adobe Systems to address the tremendous need for document-based communication of 3D data across PLM system boundaries. By combining the strengths of these companies, Right Hemisphere and PROSTEP will help customers optimize a variety of high business value scenarios around engineering data workflow to improve time to market and quality, while reducing costs.

About PROSTEP AG

PROSTEP AG is recognized as the leading PLM integration specialist in the area of product data integration. The company offers its customers – leading enterprises active worldwide – integration solutions for CAD, PDM and supplier communication, thus making e-engineering a reality. The PROSTEP Group has a current headcount of more than 230 in Germany and France, and posted revenues of approximately € 18.6 million in fiscal 2005. In addition to its headquarters in Darmstadt, PROSTEP maintains branch offices in Berlin, Bexbach, Hamburg, Hanover, Lyon, Munich, Stuttgart, Wolfsburg and Wuppertal. About Right Hemisphere

Right Hemisphere is the leading provider of Product Graphics Management (PGM) software. PGM is a new category of enterprise software that supplies the right product graphics in the right format, right now for technical publications, interactive training, marketing communications, design collaboration, and more across the extended enterprise. Five of the top six automotive OEMs, nine of the top 10 aerospace and defense contractors, and hundreds more customers rely on Right Hemisphere to synchronize product development and downstream PLM processes thereby accelerating time to market, increasing revenue, and reducing

product lifecycle costs. Founded in 1997, Right Hemisphere is a privately-held, venture-funded corporation based in Silicon Valley and Auckland, New Zealand. For more information please visit www.righthemisphere.com or call toll free at (877) 309-3204.
